

### 13 Brendon's timetable

**Brendon:** Hi Samuel. It's Brendon here. How are you?

**Samuel:** Hi Brendon. I'm fine thanks. How's school? Did you have a good start?

**Brendon:** It's OK. We've got quite a few new teachers. Mrs Barnes, for example.  
She's my new German teacher.

**Samuel:** What's she like? Some people say that she's a terrible teacher and she gives lots of homework.

**Brendon:** She's OK, I think. I've got two German lessons on Mondays and then maths.  
After that we have music and biology.

**Samuel:** What about the rest of your timetable?

**Brendon:** Well, on Tuesdays, it's a double ICT lesson, then English, history and maths again.

**Samuel:** How about Wednesdays?

**Brendon:** Wednesday is my favourite day. I have geography first, then history, music and science – a double lesson. I love science. We do lots of experiments and it's really interesting.

**Samuel:** When do you have PE?

**Brendon:** PE ... on Thursdays. First two lessons, outside on the sports ground.  
And then English, ICT and history.

**Samuel:** Don't you have art?

**Brendon:** Yes, Friday starts with two art lessons. We are drawing comics at the moment. It's really fun.  
Then I have science, maths and English.

**Samuel:** And then it's the weekend, hooray!

**Brendon:** What about your timetable?
