

10 What was the weather like?

Amy: Hi Katie. Where did you go on holiday this year?

Katie: Hi Amy. Oh, my family and I went to Denmark this year.

Amy: How was it?

Katie: It was great. Really fantastic.

Amy: And what was the weather like?

Katie: Well, it wasn't very warm, but it was sunny sometimes. It was only rainy in the last week. And when we went to the beach on the last day, it was very windy, too. How about you? Did you have a nice holiday?

Amy: Oh yes! We went to Scotland this year and the weather was fantastic. For Scotland ...

The first week was very wet and cloudy, so we never saw the sun.

One day we went for a very long walk and then it started to rain. Suddenly, we didn't know where we were! That was a bit scary.

But the other two weeks were really warm and dry, with lots of sunshine.

By the way, did you know that Brendon's family went to Germany? It was snowy there!

Katie: Snowy? In the summer?

Amy: Yes, on the Zugspitze. That's a very high mountain in Germany. And it was very cold there!
