

1 At Bedford Farm

Welcome to Bedford Farm. Now, before you go and look at all the animals, let me tell you a few things about the farm. We have got 32 sheep and 7 goats and in March we had 14 lambs. The winter was very mild, as you know, so the lambs could stay outside all the time. That was good because they don't like being inside. Of course we also have cows, horses, chickens and pigs. Please do not feed the cows and the pigs. But you can feed the chickens and the horses. And if you want to ride a pony: the next riding time is at half past three. Oh, and just two more things. Do not go near the big bull if you are wearing red clothes. He doesn't like that. And you can buy snacks and drinks at our little snack bar. You can also buy postcards and stamps there. It's not open yet, but it will open in 30 minutes. Well, that's all for now. Enjoy your stay. If you have any questions, feel free to ask.
