

# Hobby Song

(Tune: *I like the flowers*)

I have some hobbies, things that I like to do  
Mondays and Tuesdays, Wednesdays and Thursdays, too  
Fridays and Saturdays, Sundays, every day,  
In my free time, in my free time, in my free time, in my free time.

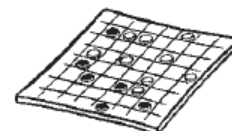

I play an instrument, I play the saxophone,  
I play the clarinet and the accordion,  
Piano, guitar and horn in the orchestra,  
Play some music, play some music, play some music, play some music.

I collect a lot of things, I have CDs and balls  
Stamps, stickers, matchbox cars - shells, books and coins and dolls  
Posters and minerals, that's what I collect  
Many things, many things, many things, many things.

And I play football, play darts and basketball,  
Board games, computer games, I like to play them all  
table tennis, chess, and cards, play that every day,  
Lots of fun, lots of fun, lots of fun, lots of fun.

I do a lot of sports, go cycling on my bike  
Play with my dog, my cat, that's what I really like  
Go dancing, swimming, too, play with cars and planes,  
Play with me, play with me, play with me, play with me.

I sing and watch TV, paint pictures and I cook,  
Play with my teddy bear, do judo and read books,  
Ride my horse across the fields, ride my scooter, too.  
Sing along, sing along, sing along, sing along.

I have some hobbies, things that I like to do  
Mondays and Tuesdays, Wednesdays and Thursdays, too  
Fridays and Saturdays, Sundays, every day,  
In my free time, in my free time, in my free time, in my free time.
